

Precautions

CAUTION: To reduce the risk of electric shock, do not remove the cover or back. Refer servicing to qualified service personnel.

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operati and maintenance (servicing) instructions in the literature accompanying the appliance. The appangratus should not be exposed to dripping or splashing area. No objects filled with liquids, such as vases, should be placed on the apparatus.
