INSTALLATION

Please note that in order to install the Nexoos 580 card reader you need a free USB connector in your computer.

Follow these steps to install the card reader:

1. If your operating system is Windows 95, 98, ME ó 2000, install the drivers from the provided CD or download them from our Webpage: www.soyntec.com. Once it's done, please reboot your computer.

If your operating system is Windows Vista, XP, Linux or Mac OS X, you don't need to install any drivers.

2. Connect the card reader to a free USB connector using the USB cable provided.

3. Reboot the computer if requested to finish the installation.

SPECIAL GUARANTEE

Energy Sistem guarantees that your product does not have any material, design or manufacture defect and provides 36 month guarantee.

Guarantee procedure:

- Visit the Support section at <http://support.soyntec.com> and select your product to view the FAQ (Frequently Asked Questions). The solution to your problem is very likely to have been already published there. You will also be able to download user manuals, user guides, drivers and updates.
- If you cannot find an appropriate solution in the Support section, you may send us your enquiry or warranty service request using this mail:
support@soyntec.co.uk

SPECIAL GUARANTEE

- You may also reach by phone at the warranty service number **902 294 294**. Make sure to have your purchase receipt or invoice and the product's serial number at hand when you call.
- Alternatively, you may prefer to contact the distributor from which you purchased the product, presenting them the receipt or invoice.

Specifications are subject to change without notice.
